ABOUT CASH.

Cash. is one of the **best-known trade magazines** for independent financial advisors in insurance, investment funds, real estate and tangible assets – and offers financial news for investment, real estate and insurance advisors. In particular Cash. reports on long-term investments such as life insurance, investment funds, real estate and tangible assets, as well as on current trends such as digitization and ESG and their impact on the industry.

In addition to decision-makers at the level of product providers, the core target group are **independent financial advisors, brokers, salespersons, distributors, banks, asset managers, fund managers**. The client structure is balanced. This makes Cash. a cross-sector medium with a character of general interest.

Cash. is a **cross-media** magazine with various formats such as website in responsive web design, newsletters, monthly print edition & ePaper, podcast, videos produced in our new, professional greenscreen studio, webinars and live events.

Print content formats, such as **Extras** based on roundtables and **Exklusiv**, are distributed cross-media (print, website, Cash. 5vor5 newsletter, Cash.OnVista newsletter, social media). Videos of the roundtables are shot and produced in our new, professional greenscreen studio and published on Cash.'s digital channels, for which customers receive unlimited usage rights.

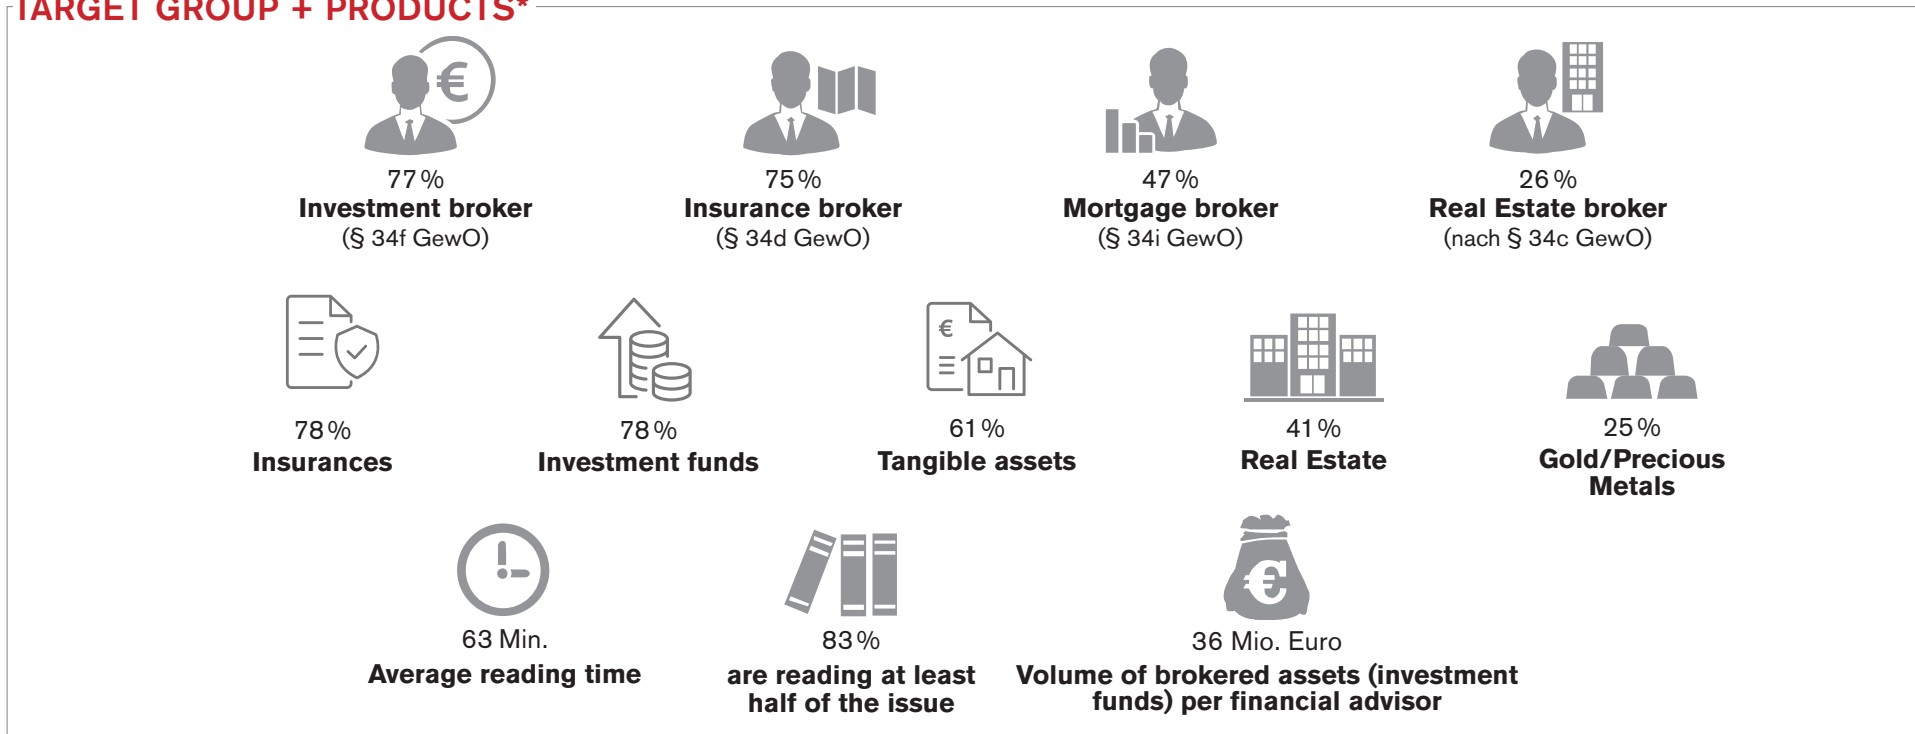

It should be emphasized that Cash. ranks 2nd among brokers and independent financial advisors in terms of **print reach** (disphere Vermittler Media Analyse 2023/24, MRTK Media-Analyse 2022 as well as HBS Medien- und Markenstudie 2020), 2nd in terms of **up-to-dateness** (disphere Vermittler Media Analyse 2023/24) and has a **very high awareness level** of 90% (MRTK Marken-Monitor 2020). On the other hand, with 31.500 total circulation (IVW 3/2022), Cash. is one of the few magazines to still have an **IVW-verified circulation**.

Once a year, Cash. presents the „**Cash. Financial Advisors Award**“ at the Cash. Gala in Hamburg.
